

FABRICATIONS

At MEGA we undertake all types of ferrous and non-ferrous fabrications. We have extensive knowledge of every aspect of heavy and medium steel fabrication and the successful delivery of countless large and medium structures. We process upward of one hundred metric tons of steel per year.

We have the facilities to manufacture

- ⦿ SPM's – Special purpose machinery.
- ⦿ All types of Skids.
- ⦿ Customized Steel enclosures for machines and materials.
- ⦿ Sheet metal safety guards and partitions.
- ⦿ Static and dynamic shop floor platforms.
- ⦿ All types of Skid fabrication.
- ⦿ Large Welding jigs and fixtures.
- ⦿ Fixtures for the aviation industry (Service and inspection)
- ⦿ Turning, milling, CNC machining, and conventional machining.
